

## **Campus Safety and Emergency Information**

Our schools follow daily procedures to keep their campuses safe:

- All staff must wear picture IDs, and all visitors must sign in and wear ID badges while in the buildings.
- Administrators have two-way radios for immediate communication with one another.
- Other than the main entrances, all outside doors are kept locked.
- Students and staff are asked to report suspicious persons and activities in and around the buildings.
- Campuses routinely practice fire, tornado, lockdown and evacuation drills.

*It is very important for us to have the ability to contact parents in an emergency situation. If names, addresses, telephone numbers, or other data have changed, or if you are unsure whether our information is complete and up to date, please contact your child's school.*

During inclement weather or other emergencies, citizens should listen to these stations concerning school closings: KXAS Television Channel 5, WFAA Channel 8, KDFW Channel 4, KLTU 94.9 FM Radio and WBAP 820 AM Radio. For the most up-to-date information concerning our schools, call 817-252-2000 and choose option #8.
