

À LA CARTE CHARGE POLICY

Castleberry ISD recognizes the important link between proper nutrition and academic success. The purpose of this policy is to inform parents and students that meals are free for all students, and that charging for à la carte items is not allowed.

School breakfasts and lunches are free to all CISD students. School lunch accounts can be funded for à la carte purchase through multiple methods:

- Cash
- Credit card payments using myschoobucks.com

At the end of a school year, a student's positive balance will follow them to the next school year. Refunds of a positive balance for students leaving or graduating are requested from the Cafeteria Manager or the Child Nutrition Secretary.
