

Getting Started

Before beginning the online enrollment, locate the 7th Grade Talent Search invitation that your child received from their school. There is grade-level qualifying assessment score information on the invitation that will assist you in completing the Qualifying Test Information page of the online enrollment.

If you do not have the invitation and do not have your child's grade-level assessment scores from sixth or fifth grade, please check with your child's school. Duke TIP does not have access to your child's grade-level assessment scores. Your school must provide those to you.

If you did not receive an invitation and have your child's grade-level assessment scores from sixth or fifth grade, but are unsure if your child is eligible to enroll, please visit tip.duke.edu/7qualify to review the eligibility criteria.
